

# Fluffy

Alex Feng

One day, when I woke up I found my dog Fluffy could talk! The day went by quickly as we chatted until I was about to go ride my bike with Fluffy. My bike was no where to be found! I told Fluffy what happened and she promised to find the bike for me. Dogs are terrific sniffers and retrievers. Let alone mine could talk!

I packed my stuff and followed Fluffy on the road. After a while, we came to a river. Fluffy told me the bike was on the other side of the river, so we swam across it. Oh no! The thief sprayed pepper to throw us off track! I told Fluffy to keep trying. Later, we came to the woods. I was lucky I brought a slingshot, a first aid kit, and tons of poisonous darts. We saw a bear coming at us, so I got my slingshot and darts out and shot at the bear. The bear fell instantly. The same thing happened to other animals that came close to us. When we were out of the woods, I was almost out of darts! Just then, Fluffy found my bike in a ditch!

I was so proud of Fluffy. I hopped onto my bike and started the home journey with Fluffy...
