

What If I Could Fly?

By Edward Shen

Age 9

If I could fly whenever I wanted, I would use it everyday. I recently moved to American from China. I live with my parents here. I miss my grandparents and China a lot. If I could fly, I would go back to China everyday. The flight there would be amazing. I would be able to see all the tall buildings beneath me, the beautiful mountains, and be able to fly with other birds.

Whenever I have a bad day, my grandma would give me my favorite snack, moon cakes. She would also give me a kiss and tell me that everything is okay. It always makes me feel better. Now that she's far away, I'm not able to eat them anymore. So if I could fly, I would fly to my grandma whenever I'm feeling sad. However, being able to see the oceans below me would make me happier as well. Blue is my favorite color, so being surrounded by it would be great.

If I could fly, I would be a very lucky person. I wouldn't ever have a bad day. Whenever I want something, I would be able to get it. If I wanted to go to California, I could fly there. I could fly anywhere. I'd be free like a bird!
